

Potomac Valley is pleased to announce our upcoming Fall BMDCA Draft Tests, to be held on September 17 and 18, 2022.

We have two enthusiastic and popular judges, **Larry Bohlig and Julie Bacon**, along with an experienced drafting crew, who are sure to make this a fun weekend to remember!

Location:

Our test site is Hearts Delight Farm, located in the beautiful Catoctin Mountains close to Frederick, MD. This 45 acre tree farm is in the middle of a 300+ acre mature hardwood forest, and

has a variety of groomed trails through the woods and a private paved lane for freight hauls. Potomac Valley BMDC has held its annual Fun Day for 15 years at Hearts Delight, with dogs and people walking the trails and practicing cart maneuvers in the ring area. The site has been the venue for the last nine years for BMDCA Draft Tests and Workshops sponsored by PVBMDC.

Facilities:

The ring area is grassed and surrounded by shade trees. An adjacent shady area is used for popup setups and crating. The maneuver ring area has 20/30 amp electric service, filtered mountain water and a port-a-potty for the event. Rigs can be left overnight in the garage. Parking is provided in multiple parking areas off the lane. A wide variety of restaurants and motels are available in nearby Smithsburg, Thurmont, Gettysburg, Hagerstown and Frederick, Md. Several RV campsites are close by, including Artillery Ridge and Round Top RV campgrounds in historic Gaithersburg, Cunningham Falls Maryland St. Park campground, and Catoctin National Park RV area.
